

# Walleye regulations in the Ceded Territory

With the exception of Wisconsin-Michigan and Wisconsin-Minnesota boundary waters, all inland lakes wholly or partially within, and all river segments within the Ceded Territory have a daily bag limit of THREE walleye. The total statewide daily bag limit is five walleye. In the Ceded Territory no more than three walleye may be taken from any individual water, but you can fish other waters to fill your total statewide daily bag limit of 5.

Along with the daily bag limit of 3, the **standard length regulation** on most waters in the Ceded Territory is:

May 2015

## Standard Length Regulation

Only walleye and sauger from 15” but less than 20” may be kept, except one fish may be over 24”

## EXCEPTIONS TO THE STANDARD LENGTH REGULATION

There are **exceptions** to the standard length regulation. Please review the following exception lists carefully.

If the water you intend to fish IS NOT on one of the following lists, it would fall under the standard length regulation.

Walleye and sauger may not be kept. Catch and release only.

### ONEIDA COUNTY

Minocqua/Tomahawk Chain (includes Minocqua, Jerome, Kawaguesaga, Mid, Tomahawk and Little Tomahawk lakes)

Walleye and sauger of any length may be kept.

### BARRON COUNTY
